Stargirl

9780440416777
186 pages
Paperback

Summary

This beloved celebration of individuality is now an original movie on Disney+! A modern-day classic and New York Times bestseller from Newbery Medalist Jerry Spinelli. *Stargirl*. From the day she arrives at quiet Mica High in a burst of color and sound, the hallways hum with the murmur of "Stargirl, Stargirl." She captures Leo Borlock's heart with just one smile. She sparks a school-spirit revolution with just one cheer. The students of Mica High are enchanted. At first. Then they turn on her. *Stargirl* is suddenly shunned for everything that makes her different, and Leo, panicked and desperate with love, urges her to become the very thing that can destroy her: normal. In this celebration of nonconformity, Newbery Medalist Jerry Spinelli weaves a tense, emotional tale about the perils of popularity and the thrill and inspiration of first love. Don't miss the sequel, *Love, Stargirl*, and Jerry Spinelli's latest novel, *The Warden's Daughter*, about another girl who can't help but stand out. "Spinelli is a poet of the prepubescent...No writer guides his young characters, and his readers, past these pitfalls and challenges and toward their futures with more compassion." --The New York Times

Summary

Written more than 70 years ago, 1984 was George Orwell's chilling prophecy about the future. And while 1984 has come and gone, his dystopian vision of a government that will do anything to control the narrative is timelier than ever...

- Nominated as one of America's best-loved novels by PBS's The Great American Read •

"The Party told you to reject the evidence of your eyes and ears. It was their final, most essential command."

Winston Smith toes the Party line, rewriting history to satisfy the demands of the Ministry of Truth. With each lie he writes, Winston grows to hate the Party that seeks power for its own sake and persecutes those who dare to commit thoughtcrimes. But as he starts to think for himself, Winston can't escape the fact that Big Brother is always watching...

A startling and haunting novel, 1984 creates an imaginary world that is completely convincing from start to finish. No one can deny the novel's hold on the imaginations of whole generations, or the power of its admonitions—a power that seems to grow, not lessen, with the passage of time.

Animal Farm

9780451526342

144 pages

Paperback

\$39.600

Summary

75th Anniversary Edition--Includes a New Introduction by Téa Obreht
George Orwell's timeless and timely allegorical novel--a scathing satire on a downtrodden society's blind march towards totalitarianism. SOON TO BE A NETFLIX FILM! "All animals are equal, but some animals are more equal than others." A farm is taken over by its overworked, mistreated animals. With flaming idealism and stirring slogans, they set out to create a paradise of progress, justice, and equality. Thus the stage is set for one of the most telling satiric fables ever penned--a razor-edged fairy tale for grown-ups that records the evolution from revolution against tyranny to a totalitarianism just as terrible. When Animal Farm was first published, Stalinist Russia was seen as its target. Today it is devastatingly clear that wherever and whenever freedom is attacked, under whatever banner, the cutting clarity and savage comedy of George Orwell's masterpiece have a meaning and message still ferociously fresh. Written more than 70 years ago, 1984 was George Orwell's chilling prophecy about the future. And while 1984 has come and gone, his dystopian vision of a government that will do anything to control the narrative is timelier than ever...
